# REVELATION

## Guiding Principles

<p><b>1. <u>Historical Context</u></b> Our first step will always be to look at how this book spoke to the lives and circumstances of the original Christian churches long ago.</p>	<p><b>2. <u>Possible Interpretations</u></b> Recognize that a range of possible interpretations of <i>Revelation</i> are in play, without taking an “anything goes” approach.</p>	<p><b>3. <u>Beyond Literal</u></b> Look beyond the literal approach with hearts of poetry, art, music, and prayer. Images in <i>Revelation</i> are windows into a vision, not equations or codes.</p>
<p><b>4. <u>Hope Over Fear</u></b> Jesus the Lamb has already won the victory, God already reigns. Even at its most fearful, the assurance of hope in <i>Revelation</i> is always near.</p>	<p><b>5. <u>Sense of Urgency</u></b> While <i>Revelation</i> is about the future, it teaches Christians about faithfulness in the present. It expects followers of Jesus to live transformed lives now—not just in the future.</p>	<p><b>6. <u>Read in Community</u></b> The book was written to be read out loud—the references to “you” are not singular, but plural, addressed to us all. We read and understand <i>Revelation</i> in community.</p>
